## MADE WELL AND STRONG

By Lydia E. Pinkham's Vegetable Compound

Bardstown, Ky.—"I suffered from ulceration and other female troubles for a long time. Doctors had failed to help me. Lydia E. Pinkham's Vegetable Compound was recommended, and I decided to try it. It cured my trouble and made me well and strong, so that I can do all my own work." Mrs. JOSEPH HALL, Bardstown, Ky.

### Another Woman Cured.

Christiana, Tenn.—"I suffered from the worst form of female trouble so that at times I thought I could not live, and my nerves were in a dreadful condition. Lydia E. Pinkham's Vegetable Compound cured me, and made me feel like a different woman. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold to suffering women."—Mrs. MARY WOOD, R.F.D. 3.

If you belong to that countless army of women who suffer from some form of female ills, don't hesitate to try Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. For thirty years this famous remedy has been the standard for all forms of female ills, and has cured thousands of women who have been troubled with such ailments as displacements, fibroid tumors, ulceration, inflammation, irregularities, backache, and nervous prostration.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

### PERSONS TALKED ABOUT.

"If you want to get fat just eat what you please," is the advice given by Pearl Rambo, who says she is the heaviest 13 year old girl in the United States. She weighs 558 pounds and is 4 feet 10 inches in height.

A movement for the erection of a monument to Catán d'Aché has been taken up with enthusiasm in Paris, and a large sum has been promised. Edouard Detaille has accepted the presidency of the committee.

Chauncey M. Depew owes a deep gratitude to the Montauk club of Brooklyn, which for the past eighteen years has given him as many birthday bouquets, and will not omit the custom this month when the senator reaches his 74th anniversary. This must be a bright spot indeed.

Ex-Clerk O. J. Markle of Ohio, dismissed from the war department in 1932, has put in a claim against the government for \$500,000 damages. He says that because of the persecution to which he was subjected he couldn't study, didn't get his Ph. D., and didn't enrich himself with his pen.

Norah Davis, author of the forthcoming novel of New Orleans society, "Wallace Rivers," has served as clerk of the United States district court for the northern district of Alabama at Birmingham. Miss Davis says it was there she first got to looking at things from a man's point of view.

The German emperor has his own way of using the telephone. Despite mistakes caused by the kaisers' refusal to name himself at the opening of his conversation, he invariably introduces his telephone orders merely with the words "I command that," and so forth. As soon as the chief of department hears these words he motions that his subordinates must at once leave the room.

Mrs. Chlozza Money, who sits in the house of commons for North Paddington, is a great believer in the graduated income tax and has a conviction that at present \$25,000,000 to \$300,000,000 of assessable income in the United Kingdom is escaping taxation. In a recent speech in the house he argued that bachelors ought to be compelled to pay a higher income tax than fathers of young and growing families.

For the next two years the seat of town government in Oxford, Conn., will be in a barn. J. Birdsey Sanford, who has been town clerk and registrar of vital statistics for several years, has just been elected judge of probate and treasurer. Clerk-Registrar Judge Treasurer Sanford can be found trudging to the town hall in all sorts of weather. He is, and Saturday he installed the parochialism of his four offices in his barn. Three big safes containing the town and probate records for more than a century, have been removed there.

## THE RECORD OF THE McPHAIL PIANO

which for sixty-two years has been built on honor and sold on merit. is a record of consistent and steadfast adherence to the ideal of quality and musical excellence.

The McPhail is pre-eminently a piano for the home of culture and musical tastes, one evidence of which is the fact that over 20,000 McPhail Pianos are in the homes of Boston and vicinity.

A convincing testimony, is it not, that the McPhail is appreciated?

### Hope Print Works.

George K. Hope of Providence, John Hope, Jr., formerly of the Hope Manufacturing company of Providence, and Richard K. Keene of Central Falls, R. I., have purchased the plant formerly owned by the United Machine and Tool company at East Killingly and will incorporate the mill, probably under the company name of the Hope Print works. The property purchased in addition to the four-story manufacturing building, included sixteen mill tenements, ten acres of land and 150 shares of the water rights of the Killingly pond. Seven printing machines have been installed and twenty-three typewriters are now being placed in position in the plant. It is expected that the mill will be in operation within a month, and when running at capacity there will be 250 hands employed. The plant is operated by both steam and water power. John Hope, Jr., will be the general manager. It is the intention of the new company, in addition to the making of cotton prints for export, to do all engraving, finishing and bleaching for the trade. The company will be incorporated under the laws of Rhode Island with a capital stock of \$200,000. It is stated that there has already been \$100,000 subscribed.
